

Installation and Integration Operator

| UAN - 11020

Department: Installation / Integration / Mechanical Systems

Location: Israel

Type: Full-time

About the Role

We're looking for an Installation and Integration Operator to support the assembly, testing, and integration of mechanical measurement systems. In this role, you will assemble systems, run tests and processes, identify faults, and contribute to product quality and process improvement. This is a great opportunity for a hands-on mechanical technician or practical engineer who enjoys multidisciplinary assembly work, teamwork, and international project environments.

About MVG

MVG – Microwave Vision Group – is the global leader in electromagnetic field measurement solutions. With 400+ employees, offices across 4 continents, and over 25 years of consecutive growth, we help the world's most innovative companies test, validate, and push the boundaries of wireless technology. Our mission: Testing Connectivity for a Wireless World.

Join us to shape the future.

Responsibilities

Assemble mechanical measurement systems according to assembly drawings and technical requirements.

Run tests and integration processes for mechanical measurement systems.

Identify, locate, and support resolution of faults using systemic understanding.

Work on multidisciplinary mechanical assemblies, including work at height when needed.

Ensure awareness and responsibility for product quality throughout assembly and integration activities.

Collaborate effectively with different internal interfaces and team members.

Contribute to process improvement by applying initiative, feedback, and practical production experience.

Requirements*

Mechanical Technician or Practical Engineer qualification.

Previous experience in electromechanical systems roles.

Ability to read and understand mechanical assembly drawings.

High self-learning ability, initiative, and systemic vision.

Good English communication skills.

Good interpersonal skills and ability to work in a team with different interfaces.

Willingness to travel abroad, approximately 30% of the time.

Nice to Have

Forklift license.

Familiarity with tools and methods from operational excellence.

Experience working at height.

Experience in multidisciplinary mechanical assemblies.

How to Apply

Send your CV and a short cover note to careers@mvg-world.com with the subject line: Installation and Integration Operator – Application. We review applications on a rolling basis and aim to respond within two weeks. We look forward to hearing from you!
