

## Workshop Assembly Operative / Labourer |

**UAN – 177FDE**

**Department:** Assembly Department

**Location:** Office / MVG Industries UK Ltd (Haydock)

**Type:** Full-time

---

### **About the Role**

MVG is seeking a motivated Workshop Assembly Operative / Labourer to join the Assembly Department in Villejust, France. This hands-on role supports the assembly of metal cabinets and steel doors, contributing directly to workshop output, product quality, and safe, efficient production. It is ideal for a practical, reliable candidate who enjoys manual work, teamwork, and learning through full onsite training.

---

### **About MVG**

MVG – Microwave Vision Group – is the global leader in electromagnetic field measurement solutions. With 400+ employees, offices across 4 continents, and over 25 years of consecutive growth, we help the world's most innovative companies test, validate, and push the boundaries of wireless technology. Our mission: Testing Connectivity for a Wireless World.

Join us to shape the future.

---

### Responsibilities

- Collaborate with experienced assembly team members to assemble metal cabinets and steel doors to required standards.
- Ensure quality control of your own work and support checks on colleagues' work where required.
- Manage manual handling tasks safely and efficiently in a busy workshop environment.
- Implement correct use of hand tools and cordless tools during assembly activities.
- Optimize daily workflow by working independently when needed and supporting the wider team.
- Ensure PPE, including provided boots and overalls, is used correctly and workshop safety expectations are followed.

---

### Requirements

- Ability and motivation to perform hands-on assembly and manual handling work in a workshop environment.
- Basic understanding of hand tools and cordless tools.
- Ability to work effectively both as part of a team and independently using personal initiative.
- Commitment to checking work quality and maintaining assembly standards.
- Previous warehouse experience preferred.
- Availability to work Monday to Friday, 07:30 to 15:30, with overtime available.

---

### Nice to Have

- Previous experience assembling metal cabinets, steel doors, or similar fabricated products.
- Familiarity with workshop, warehouse, or light manufacturing environments.
- Strong attention to detail and a proactive approach to safe working practices.

---
